Checklist: your starting setup

- [ ] Created a free TradingView account
- [ ] Searched for a first market and added it to the watchlist
- [ ] Marked favourite timeframes with the star
- [ ] Drew a horizontal line at an important price
- [ ] Tried magnet mode
- [ ] Added an indicator and adjusted its settings
- [ ] Set an alert on a line
- [ ] Tried the long position tool with a stop and target
- [ ] Named the layout and switched on autosave
- [ ] Did a practice round with Bar Replay

Where do I find what?

Symbol search	Click the symbol at the top left – or start typing on the chart
Timeframe	Top toolbar – or type a number and press Enter (e.g. 240 = 4 hours)
Indicators	“Indicators” button or the / key
Invite-only indicators	Indicators → “Invite-only” on the left
Alert	Alarm clock in the top toolbar or Alt + A
Bar Replay	Two arrows pointing left in the top toolbar
Save layout	Menu next to the layout name or Ctrl + S
